SIR,

RE:- Appointments of one Special sheristedar and one Assistant Food Inspector for distribution work at Chamarajanagar Taluk-

In enclosing herewith copies of reports dated 16-9-1944, and 30-9-1944, received from the Amildar Chamarajanagar on the above, I have the honour to state that as already reported, owing to failure of Jola crop in the Taluk, large quantities of Jola are being sent to this Taluk for proper distribution in the affected areas, in the Taluk. The Amildar has introduced a regular method of rurual rationing on identification cards all over the Taluk, which has got a needy population of 1,02,000. The work of distribution cannot be entrusted to the Special Officer, who is looking after Acquistion work. The distribution work in this Taluk has assumed large importance and one Lorry also has been placed at the disposal of the Amildar, temporarily, for this purpose. It is found necessary to appoint one Special Sheristedar and one Assistant Food Inspector to this Taluk to attend to receipt of Jola despatches and its equitable distribution. In the above circumstances, I request you kindly to obtain sanction of Government to the appointments of One Special Sheristedar and One Assistant Food Inspector as per sanctioned scales, temporarily, for a period of three months in this Taluk.

I also request you to kindly to permit me to appoint suitable officials to the aforesaid posts, pending sanction of Government so that the distribution work may not hampered.

I have the honour to be,
Sir,
Your most obedient Servant.

Deputy Commissioner,
Mysore District.

Copies of reports No. C.S.128/44-45 dated 16-9-194
30-9-1944 from the Amildar Chamarajanagar Taluk.

RE:- Appointment of Special Sheristedar and Assistant Food Inspector to Chamarajanagar Taluk.

I beg to submit that an account of failure of Jola in this Taluk, Jola to the extent of 3,500 pallas has to be imported to this Taluk, already there is a heavy rush of jola by train, and the Depot Clerk who is in charge of reserve Depot, is busy in unloading and transporting jola and measuring the jola received in addition to maintaining the accounts. Simultaneously jola has to be rushed to the mofussil depots to meet the local demands daily. There are as many as 52 Depots in the Taluk and all these are to be fed by the Central Depot, immediately on indents. As one official is not therefore in a position both to receive and distribute the grains One Assistant Food Inspector, may kindly be posted to this Taluk to help the unloading and transport work and give some relief to the Depot Clerk to attend to urgent distributic work to the Depots.

In inviting your kind reference to G.O.NO.S.D. 1522-23-A18-42-dated, 8-9-44, directing to discontinue the service of Special sheristedars I beg to submit that the services of Special Sheriteds in this Taluk, is absolutely necessary in view of the heavy distribution work which has been undertaken on rationing lines in all villages due to the total failure of jola crop this year. It has already been submitted that this Taluk requires 8,500 pallas of jol every month, for the distribution of which, 55 Co-operative Depots, have started all over the Taluk. In order to supervise this heavy distribution work the services of the Special sheristedar now working in this Taluk has become absolutely necessary.

Under these special circumstances, I beg to request that the present sheristedar Mr. Rangachar, who is well experienced may be continued at least till the end of December 1944, since the Special Officer has to devote himself mostly to the acquisition work, and preparation accounts for the next harvest.
